# Great Futures Start Here.

Boys & Girls Clubs of South Central Texas is a public, nonprofit 501(c)(3) organization that has proudly served Caldwell, Comal, Guadalupe and Hays counties since 1994.

Our Mission: To enable all young people, especially those who need us the most, to reach their full potential as productive, caring, and responsible citizens.

Our programs are focused in five core areas: Education & Career Programs; Character & Leadership Programs; Health & Life Skills; The Arts Programs; Sports Fitness & Recreation.

## Pre-Kindergarten

Our tuition based Pre-K programs are full day, year round and available for ages three to five years old. We build foundational skills through:

- Reading Readiness
- Music and Movement
- Arts and Crafts

Our research-based curriculum focuses on:

- Social and Emotional Development
- Differentiated Instruction
- A Joyful Approach to Learning

## Charter Schools

Texas Preparatory Schools, voted #1 elementary school (out of 4,359 schools) in Texas in 2013-14, are tuition free public charter schools that prepare the whole child through a diverse K-6 program.

We are one of two Boys & Girls Clubs affiliates in the United States that operates charter schools. Our campuses are located in San Marcos, TX and Austin, TX.

Through partnerships with our parents, our teachers and our community, we create a learning environment that improve student achievement. Our motto is "Learning Is Fun."

## After School & Summer Programs

Our after school and summer programs serve youth between the ages of five and eighteen years old and encompass a broad range of focus areas including academic support, mentoring, youth development, arts and music and sports and recreation. Our teens are served through the Character & Education Programs known as Torch Club and Keystone Club.

Additionally, we offer a six week Summer Enrichment Program, which offers a wide range of recreational activities including arts and crafts, sports, academic support, field trips, entertainment, special events and swimming.
